

# Spinnaker

**I**n the past we had always rented ice cream machines, but in the end decided this was dead money, and subsequently we looked around at a number of equipment suppliers finally choosing Taylor UK, who's sales process was absolutely fantastic by way of assisting us in making the right equipment decision.

We have been extremely happy with our soft ice cream machine as it has allowed us to diversify by adding a range of ice cream sundae's to our dessert menu, which is proving a great success

Martin Hearth – Managing Director
