- 1x Replacement tune up kit
- 12 Months parts & labour warranty

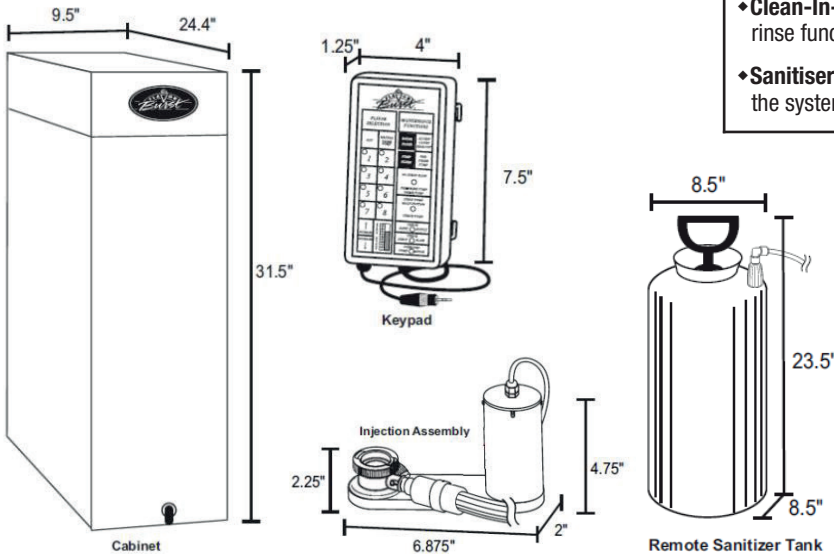

Optional extras:

FB121 cart with castors

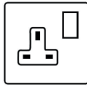

Features:

The FlavorBurst™ FB80S system is a revolutionary add-on for Taylor Frozen Beverage Machines and thick shake machines that allows you to dispense eight flavours in addition to the base vanilla. The system works by blending concentrated flavouring in to the frozen shake mix as its dispensed creating a unique, highly desirable product.

- ◆ **Single Head System** - Attaches to most Taylor Frozen Beverage machines and works with a wide range of neutral base mixes.
- ◆ **Eight Flavour Cabinet** - The FB80S conveniently maintains up to eight flavours within the system.
- ◆ **Gear Driven Injection** - The injection assembly is gear driven improving reliability and maximises power transfer to the blending head.
- ◆ **Custom Microprocessor** - The unit has extensive functionality including flavour calibration for both flow and taste, or the ability to combine different flavours together within the system.
- ◆ **Custom Keypad** - The keypad serves as the primary operating station for flavour selections, maintenance functions and system warnings.
- ◆ **Twist-On Bag Connectors** - The bag-in-a-box system is easy to use and quick to change.
- ◆ **Peristaltic Syrup Pumps** - Each flavour has its own dedicated peristaltic pump providing reliable operation.
- ◆ **Clean-In-Place** - The FB80S stainless steel surfaces and a built in rinse function which makes the unit quick and simple to clean.
- ◆ **Sanitiser Tank** - The FB80S has an external sanitiser tank for flushing the system and rinsing the blending head.
