

Petrou Brothers

F Having previously used another make of machine, we were well aware of the significant sales opportunities, therefore it was essential that we chose the very best machine available, and as a result after considerable investigation we chose Taylor, and what a great choice - we have been delighted with every aspect of their support

Selling Thick shakes creates other sales opportunities as well as being an 'attraction' of its own. By adding the flavor Burst system it gives our customer a great choice of flavours - something that the big chains cannot offer. **J**
