

Cromer Ices

I've had a Taylor ice cream machine with a Flavor Burst for over 10 years. This year I wanted to add something new to attract more customers and increase the average customer spend...

We chose to buy a Taylor C706 with the brand new Flavor Blend system - We now have large queues and we can charge a lot more for the ice cream.

Taylor UK have helped and supported me and the business from the start and the customer support centre have always been there to help with any questions since .
