

## Traditional on-demand grinder-doser

CASADIO ENEA GRINDER-DOSER

ITEM No. \_\_\_\_\_

Model options:

CASADIO ENEA

Standard equipment:

1.2Kg Hopper

Optional extras:

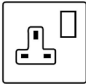

Standard tamper

Standard knock out draw

### Features:

The Casadio Enea is a compact automatic grinder-doser, perfectly designed to pair with the Casadio Undici traditional espresso machines.

- Instantaneous grinding, the Enea grinds set doses of coffee directly into the filter holder.
- Dosing is controlled electronically, with push button interface.
- Single and double doses adjustable independently.
- The Enea grind heads are manufactured from steel with flat burrs, diameter 64mm.
- The grind is mechanically adjusted with the micrometric screw.
- The body is manufactured from robust die-cast painted steel.
- Bean hopper is manufactured from clear polycarbonate with 'hopper removed' safety switch.
