

# Magnum On Demand

## Wireless automatic grinder - doser

With Magnum on demand, the whole coffee beans are ground directly in the filter holder before the espresso is extracted, resulting in better *in-the-cup* aroma.

The grinder-doser can be programmed to operate automatically or manually. In automatic mode, the grind function is activated by a photocell when the filter holder is placed on the fork.

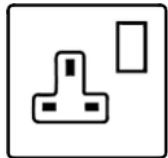

Dosage is pre-selected using the touch screen. In manual mode, once the filter holder is placed on the fork, the grind function is activated by selecting the required dose on the touch screen.

The Magnum On Demand *wireless* interacts automatically via Bluetooth with the M34 traditional espresso machine. The Perfect Grind System (PSG) in the espresso machine sends a signal to the grinder so that it adapts granulometry and dose according to the data received in order to obtain the best *in-the-cup* result.

### Features

- PSG system ensures perfect espresso in every cup.
- The grammage of single and double doses is independent and consistent.
- Micrometric screw adjustment of grind setting is fast and accurate.
- Height-adjustable fork makes it suitable for various filter holders.
- Dosage is automatically centred in the filter holder.
- No electrostatic charge.
- Cleaning is quicker and simpler.
- Touch screen for an easy and intuitive programming and use.
- Three settings: single dose, double dose or continuous grind.

DIMENSIONS		
Height	24.41"	620 mm
Width	8.66"	220 mm
Depth	15.75"	400 mm
Counter clearance	0.5"	12 mm
Technical data		
Grinding FLAT Dia.	Titanium Steel	64 mm
Motor RPM	-	1450 RPM
Output	4 g / sec	14.4 Kg / hr
Hopper capacity	3.53 lbs	1.6 Kg
Wall air clearance (recommended)		
Back	1"	25 mm
Sides	2 "	50 mm

ELECTRICAL SPECIFICATION - SINGLE PHASE		
<b>La Cimbali Magnum on Demand Grinder</b>		
Voltage	220-240 VAC	
Frequency	50 Hz	
Power	300 Watts	
Fuse rating	5 amp	
Plug/Socket	13amp dedicated socket	

Continuing research results in steady improvements; therefore, these specifications are subject to change without notice.
