Features:

- ◆ Delta, the only professional display cabinet with two 5-litre tray rows in just over 80 cm of depth. To achieve this result, the ISA R&D team patented a new type of side ventilation that allows the depth to be kept to a minimum.
- ◆ The patented side air flow technology makes it possible to differentiate temperatures - with 6 or 4 tray units - for the optimal preservation and display of ice creams with various consistencies. The maximum 10°C difference in temperature between each zone.
- ◆ Night closing system, allows the gelato to be perfectly preserved by interrupting the defrost cycle.
