## Upright gelato storage freezer

Model 71 RS-RV TB

ITEM No. \_\_\_\_\_

### Model options:

(RV/RS - STATIC with FAN, TB - LOW TEMPERATURE - FROZEN)

**LABOR 71 RS/RV TB** (Stainless steel)

### Standard equipment:

- 5x pairs shelf supports - stainless steel
- 5x adjustable grids (530x720 mm) - chromed steel
- Left opening door with lock and key
- External panels - stainless steel AISI 304
- Internal panels - stainless steel AISI 304
- Height adjustable feet

### Optional extras:

- Additional grid (530x720 mm) stainless steel or chromed steel
- Additional shelf support (pair) - stainless steel
- Pair of anti-flip C guides GN 2/1 in stainless steel
- Swivel casters with brakes

### Features:

- ◆ Upright freezer designed for use in a ice cream or gelato parlour production kitchen. The static refrigeration with ventilator fan is ideal for the storage of ice cream and gelato products.
- ◆ The RS-RV TB refrigeration system guarantees uniformity of temperature throughout the cabinet. The manual defrost function prevents premature thawing of products due to elongated defrost cycles.
- ◆ One piece structure with ecological polyurethane insulation (HCFC & HFC free), foamed with CO2 - 60 mm thick. Internal base surface in bright stainless steel. External finish in stainless steel.
- ◆ Insulated door with automatic closure, lock with key and double gasket.
- ◆ Control board with electronic board, manual stop compressor defrosting. Built-in hermetic condensing unit.
- ◆ LABOR can be fitted with additional grids for holding up to 66 standard 5 litre Napoli containers (360 x 165 x 120 h mm).
