STEALTH TECHNOLOGY HELPS CREATE A CONVERSATION-FRIENDLY ATMOSPHERE

The Stealth includes a sleek sound enclosure and proprietary airflow innovations that enable operation at the sound level of a normal conversation.

CUSTOMIZABLE CYCLES PROVIDE CONSISTENT RESULTS

In addition to 42 preprogrammed cycles, users can create custom blends with the online Blend Wizard™, then store up to 14 on the blender for one-touch operation.

TWO IS BETTER THAN ONE

Each blender now comes standard with two jars instead of one. This upgrade increases the life-cycle and durability of each jar, allowing for more time between replacements.

BUILT TO SAVE TIME AND MONEY

All Blendtec blenders are built to meet the unique needs of the commercial customer. Each feature - from top to bottom - delivers simple operation and is designed to reduce overall cost.

NSF APPROVED BPA-FREE WILDSIDE+ JAR
